Army Plane Crashes Here

Pictured above is the demolished house at 73 Alexander street, which was wrecked when the fighter plane ploughed into it and exploded, Sunday morning. The house at the left was pushed from its foundation by the impact and caught fire. Local firemen may be seen fighting the blaze which grew in ferocity as a gas main broke and ignited.

HOUR-LONG BATTLE BY DALY CITY FIREMEN BRINGS DANGEROUS SITUATION UNDER CONTROL

Second Plane Down In Hills Beyond City

The ordinary quiet of a Sunday morning in the Crocker tract of Daly City was transformed to bedlam, December 5, when a fighter plane on routine flight from Hamilton field plowed at full throttle into 73 Alexander street and exploded. Flaming wreckage was strewn over the entire block.

At 9:21 a. m. the first alarm called Companies 1 and 4, Daly City Fire department, to the scene, quickly followed by Companies 2 and 6, and Auxiliary Company 5. After an hour-long battle in the midst of exploding shells and blazing gasoline, the firemen were able to bring the situation under control. When the plane blew to pieces after ploughing into the 73 Alexander street residence a gas main was broken and ignited, adding to the difficulty of coping with the fires. The local firemen worked under the direction of Fire Chief Andrew P. Chesney and Assistant Chief Arthur Bodien. Five major pieces of department apparatus were used. Chief James G. Reardon and his entire force rushed to the scene and blocked off the area, assisted by the auxiliary police.

Luckily 73 Alexander, which was virtually destroyed by fire, was untenanted at the time of the Sunday morning tragedy. The following nearby homes were damaged, several extensively, by flying plane parts, 36, 40, 48, 52, 65, 69, 72, and 81 Alexander street.

The body of the pilot lodged on the roof of the home of Mr. and Mrs. Harold Udby, 48 Alexander. His name has been revealed by the Army as Second Lieutenant Wallace R. Hopkins, 20, of Vermont, Illinois.

A few minutes after the first crash, a second plane, another fighter, rammed into the hills just to the north of Daly City, killing Flight Officer George Criswell, of Birmingham, Alabama.

Noise and concussion from the explosion was experienced by residents in the surrounding five blocks and amazement was widespread when a final checkup re-

Hurry With Those Gifts For "Boys"

More than two boxes full of gifts for servicemen stationed in this locality have already been collected at the Daly City Police department, city hall, 75 Wellington avenue, for distribution at the Daly City Servicemen's club, 6201 Mission street, Christmas eve. Local residents who would like to share their Yuletide with the soldiers in this area are asked to bring their small remembrance gifts, appropriately wrapped, to the police department, which is serving as collection depot.

Anyone who'd like to invite one or more of the boys to a Christmas luncheon or dinner is asked to contact Mrs. Maisie Boyle, Delaware 4521; Mrs. Anne Eason, Randolph 5376; or Mrs. Margaret Steele, Delaware 9867.

This week hostess duties at the center are being handled by General Pershing P. T. A. Emydian Institute No. 154, Y. L. I. will have charge, December 16, 17, and 18.

Byrne Radio store recently donated a carton of paper plates to the club.

Children Collect 40 Tons Of Paper

An estimated forty tons of waste paper was collected in the drive conducted by the Jefferson Elementary School district, according to R. L. Crane jr., superintendent. In the campaign, which ended Friday, December 3, local school children combed the town for donations of old newspapers and magazines.

Crocker school took honors for the most paper collected per child but the entire district enrollment responded with enthusiasm to the plea to replenish the nation's dwindling stock of waste paper.

Crane expressed appreciation to all local residents who participated in the drive.

Local Schools To Have Two Weeks Of Vacation

Jefferson Union high school, Our Lady of Perpetual Help parochial school, and all schools in the Jefferson Elementary School district will have a Christmas holiday extending from the close of classes, Friday, December 17, to Monday morning, January 3, 1944.

No public programs are planned by the parochial or grammar schools, but the high school will present a Nativity play, "There Was No Room at the Inn," and special music by the chorus, Thursday, December 16. This event will be open to the public and local residents are urged to attend. The program begins at 8 p. m. in the high school auditorium, 6996 Mission street.

Red Cross Needs Volunteers Now!

War means wounded men and wounded men mean an increased demand upon the American Red Cross for bandages and surgical dressings of all types. That's where the Daly City Red Cross workroom comes in. It needs many more volunteer workers to meet present quotas, which have been sharply stepped up. Mrs. Ruth Morris, in charge of production, made an urgent plea, this week, for Daly City women to help with this important job.

The workroom is open at Theatre hall, above the Daly City theatre, every Wednesday and Friday from 10 a. m. to 4 p. m.

"Won't you come and help?" Mrs. Morris asked. "There are few ways women here at home may help America's fighting men any more directly," she stated.

Now About Those Ration Books - -

Take special care of ration books during holiday buying!

That advice was given Christmas shoppers, today, by Monsignor Egisto Tozzi, chairman of War Price and Rationing Board No. 83-12-3, serving the Daly City area.

Monsignor Tozzi said that many ration books are lost by women shoppers who remove the books from their purses and carelessly leave them on store counters.

He pointed out that only in cases of extreme emergency could a lost ration book be replaced without delay.

Meanwhile, on the enforcement front, the OPA campaign to halt overcharges by restaurants continued. In Portland, a number of cafes were given 30-day suspensions, while in San Francisco, eleven more eating establishments were served with injunction suits.

Other enforcement actions by the OPA included indictment of (Continued on Page 11)

Set December 20 For Yuletide Party

Record's Owner, City Make Event Possible

Through the courtesy of J. W. Marchbank, owner of The Daly City Record, local children will enjoy a 3-hour matinee at the Daly City theatre as part of the community Christmas party, Monday, December 20. Doors will be open for the event at 12:30 p. m. Santa Claus will hand the youngsters holiday candy, provided by the City of Daly City, as they enter the lobby.

Arrangements for the annual party have been made by Mrs. Anne Eason and Mrs. Maisie Boyle, representing the Daly City Recreation committee. They expressed their appreciation to Mr. Marchbank and to the city council for providing funds for the gala Yuletide party, major event of the season for local children.

The candy will be sacked by members of the Women's Civic club.

Westerns and comedy shorts will provide the main "menu" for the Monday matinee.

Tickets for the party will be issued to children at the schools, Friday, December 17.

Library Dresses Up For Christmas

Silver bells, bright red ribbon, and Christmas berries have appeared to provide a Yuletide atmosphere at the Daly City Public library, 6351 Mission street. Mrs. Jean O'Rourke, librarian, has arranged a special display of books about Christmas in the main reading section. In the children's room there are gay pictures of Santa Claus.

Among new titles now in circulation for Daly City Library patrons are: "All That Glitters," by Frances Parkinson Keyes; "They Were Expendable," W. L. White; "Mission to Moscow," Joseph E. Davies; "Guadalcanal Diary," Richard Tregaskis; "Burma Surgeon," Gordon S. Seagrave; "Assignment to Berlin," Harry W. Flannery.

Fahey sr., has been judge of the First Township justice court since his election to that post in November, 1942. Prior to that he had handled justice of the peace duties here during the illness of the late Judge Wade H. Clay.

Fahey is married and has one child. The family resides at 65 Shakespeare street.

Daly City Theatre Offers Hit Film

No less personage than Katharine Cornell, famed "first lady of the American theatre," is the heroine of this love story within a love story, the appealing, real-life romance of a couple of Hollywood kids who found each other literally in "Stage Door Canteen."

The boy and girl are Lon McCallister and Marjorie Riordan.

Like Cheryl Walker and William Terry, who play the romantic leads in Sol Lesser's star-studded "Stage Door Canteen," slated to have its local premiere tonight at the Daly City theatre through United Artists release, Lon and Marjorie skyrocketed from the ranks of the unknown to take important roles in this spectacular new picture in which forty-eight renowned stars of screen, stage and radio play themselves. Not only does "Stage Door Canteen" boast a brilliant array of talent, but, in addition, it records a historic moment in film history—the motion picture debut of Katharine Cornell.

Lon McCallister and Marjorie Riordan met for the first time on the set of the picture. They are sweethearts in the film. Lon is a handsome, bashful soldier boy nicknamed "California," while Marjorie has the role of "Jean," a volunteer worker in the New York Canteen. In one scene in the pic-

DECEMBER FIFTEENTH TAXES

Santa Claus comes in December, but so does another elderly gentleman with white hair and chin whiskers—the chap known as your Uncle Sam. Santa comes to give you something, but Uncle will be around to collect.

This is just another way of saying that for many people tax time is here again, and December 15 is the deadline.

If you filed in September and have a payment due this month you should now have received a reminder slip from the tax collector. Be sure to send this slip along with your payment so that you will get proper credit. If you find that you underestimated your tax by more than 20 per cent in September, you can make an amended tax statement. Farmers were exempted from filing three months ago but must report this time.

Remember, if you are required to file, it is important not only that you do it but that your declaration be accurate. And to be accurate you must keep a record of your financial transactions. If you don't, you may unintentionally pay more or less than your fair share of taxes.

Paying taxes in America isn't a duty—it's a privilege for it helps to protect our right to live our lives free from tyranny and terror.

THAT WE MAY LIVE!

"No victory in American military history was ever attained at a higher price," according to the War department, than our recent conquest of Tarawa, Japanese Gibraltar of the Gilbert islands. More than 1,000 American boys gave their lives in the fierce fight... and more than 2,500 others were disabled or wounded.

We wonder sometimes, when we read the news dispatches of the heroic fight our men are making—of boys who keep on fighting after they are desperately wounded; of the lads who land on those beaches under murderous machine gun fire—how worthy we are of the sacrifices they are making. We wonder about that when we read of strike leaders threatening to shut down vital war industries unless their demands for pay increases are granted; when we read that steel workers are demanding a 15-cents an hour pay jump, and that a million railroad workers are threatening to go on strike unless they get an 8-cent an hour increase.

We are not arguing the merits or demerits of these wage demands in this editorial. Perhaps some of the raises are justified. But when American boys are dying, by the hundreds and the thousands, that we may live, we certainly need to take account of our stewardship here on the home front. We need to ask ourselves, every day: "Are we worthy?"

TIME OUT FOR SANTA CLAUS

No matter how troubled the world may be, Santa Claus shows up, as regular as clock-work, every year. The old fellow with the whiskers, the big tummy and the beaming smile knows, perhaps, that we need him more in difficult times than in good—and neither shot nor shell can keep him from his regular rounds when the Yuletide season nears.

With so much of the world bathed in bloodshed, and with so much of human misery, and worry and heartache, we have double need of Santa Claus this year. It isn't only the children who need him. We all need him; we shall need a little of the spirit of Christmas in our hearts. For in the midst of war, we long the more for peace on earth—and goodwill toward men.

So let's get busy with the happy task of giving gifts and bringing good cheer to others. Time is short. Christmas will soon be here. And Santa Claus, this year, has double need of helpers. But as we buy gifts for our loved ones, let's also buy another bond for Uncle Sam. And maybe next year we can have a happier Christmas, with our boys by our firesides again, and the joy of peace in our hearts and in our world.

Sight Singing Class
To Present Recital

The Sight Singing class at Polytechnic Evening high school will present a recital, Tuesday evening, December 14, at 7:15, under the direction of Etta McCue. Part of the program will consist of community singing of Christmas carols in which the public is invited to participate.

Solos will be sung by August J. Lourenzo, artist member of the San Francisco Opera company.

Better Look Up One Of These Charts!

All local gasoline filling stations have received copies of charts showing the motor vehicle license fees due for 1944.

Motor vehicle owners of the Daly City area may inspect these charts, upon request, to determine how much they will be required to pay. The regular registration fee of \$3 for passenger cars should be added to the amount of the vehicle license fee as shown on the chart. Weight fees must be added for trucks and trailers.

Vehicle owners desiring to consult these charts should take their 1943 registration cards with them in order to determine the classification numbers of their respective vehicles. This number is shown in the lower center of the card.

Woodrow Unit
Will Meet Dec. 14

Mrs. Lena Banfield and Mrs. Elsie Hesselein will be hostesses at the Tuesday, December 14, luncheon meeting of Woodrow Wilson P. T. A. executive board, 355 Woodrow street.

show the registration and vehicle license fee paid in 1943. These figures appear near the lower right hand corner following the words "Regis Fee" and "License Fee." Added together they indicate the total registration and vehicle license fees due in 1944. Where this information appears on the registration card it is not necessary for the motorist to consult the charts to determine the amount due inasmuch as the fees paid this year will be exactly the same in 1944.

Service station attendants will explain the chart code which is simple in operation.

All 1944 fees are due and payable beginning January 1. Offices of the Department of Motor Vehicles will begin the 1944 renewal season January 3.

OPA Clarifies
Mileage Rationing

In answer to many inquiries, the San Francisco District Office of Price Administration, this week, clarified the provisions of the mileage rationing regulation covering allotments for volunteer workers.

Motorists who use their cars in civilian defense or other volunteer war activities such as Red Cross, aircraft spotters, must use 60 miles from their own "A" books before they are qualified to apply for supplemental rations for their volunteer work. This has been in effect since October 12, 1943.

OPA mileage rationing officials explained that of the 180 miles allotted monthly to "A" bookholders, 60 miles is earmarked specifically for occupational driving.

Many citizens volunteering for unpaid war jobs apparently still do not understand that any driving for this type of job would be classified occupational just as use of a car for a paid occupation, according to the OPA. However, every "A" bookholder must use 60 miles from this basic ration for occupational driving, whether for a regular paid job or for volunteer work. But if the amount of driving required of a volunteer for any civilian defense or welfare agency exceeds 60 miles per month, application may then be made for a supplemental ration. Any supplemental ration obtained in this manner must be used specifically for the volunteer work together with the 60 miles from the "A" book.

This is the same procedure, OPA officials explained, that is followed in the issuance of supplemental rations to persons whose occupational driving needs entitle them to "B" books and to workers in vital jobs who are eligible for "C" books.

READING & WRITING
BY Edwin Seaver AND Robin McKown

JESSE STUART was born and brought up in the Kentucky back hill country. He knows the Kentucky mountaineers, their faults as well as their virtues, and he is a wonderful story-teller. He's also written some of the best poetry of the present generation. His latest book, a novel, "Taps for Private Tussie," has been chosen by the Book-of-the-Month Club as a December selection.

"Taps for Private Tussie" is the story of a poor relief family—the Tussies—and what happens when they suddenly come into ten thousand dollars insurance money. Head of the Tussie family is Grandpa, who never does a stroke of work if he can help it, but who is as lovable an old rascal as there ever was. Then there is his son, Uncle Mott, who plays the banjo expertly but who, as you learn in the course of the story, has a deeply villainous nature. And there is Uncle George, Grandpa's brother, who has had five wives and is now looking for a sixth. There is Aunt Vittie, the widow of the hard-drinking, violent soldier, Kim, whose supposed death has brought about the insurance money. And there is Sid, the young boy who tells the story.

That sounds like a lot of Tussies, but that's just the beginning. When Grandpa rents the big, sixteen-room Raeburn house with Aunt Vittie's money, and Grandma furnishes it complete—also with Aunt Vittie's money—Grandma warns him that soon they will have visitors—and they do. First Ben Tussie comes with his wife and three "youngins," asking if they can just stay a night. (Grandma says that to stay for a night for a Tussie meant that he stayed with you until all your grub was gone.) Then Dee Tussie and his wife come with their four offspring. And pretty soon every room in the big Raeburn house is full; there are forty-six Tussies living there, eating Aunt Vittie's food, spending the nights playing the fiddle and dancing, and the days sitting out in the sun on the grass.

This paradise can't go on forever. Ten thousand dollars is a lot of money, but, even so, there's an end to it. But the Tussies are the sort that can find a way out of their difficulties, even when it seems there is no way out.

There are many highly comic scenes in "Taps for Private Tussie." But when Jesse Stuart was talking about his book recently he said, "I don't see why people call this a funny book. I didn't mean it to be funny. There are parts that almost made me cry when I wrote them."

PLANE CRASHES

(Continued from Page 1)

vealed no injuries to civilians, in spite of burning gasoline, exploding machine gun bullets and falling missiles.

Army officials were immediately notified and sent a crew to remove the wreckage of the plane and the body of the pilot. The San Francisco Fire department also reported to the scene to offer assistance. They supplied tarpaulins to protect several homes whose roofs had caved in from threatening rains.

Both Chesney and Bodien expressed the opinion that without civilian defense training Daly City could not have met the emergency with anything like the efficiency and speed demonstrated, Sunday morning. The Red Cross Disaster Relief setup was ready to function but scope of the disaster was so limited it was not necessary.

Firemen expressed their appreciation to women of the neighborhood who made coffee for the men who were cold and wet to the skin. Homes thrown open to the fire fighters included 160 Peoria street, Mrs. Tony Ricci; 167 Peoria street, Mrs. G. Mallen; 148 Peoria street, Mrs. Sam Roudier; 608 Bellevue avenue, Mrs. Baciagalupi; 607 Bellevue avenue, Mrs. Roy Thompson.

An Army board of inquiry began an investigation, Monday, of the plane crashes, as repairs were begun on all the damaged homes but the demolished house at 73 Alexander.

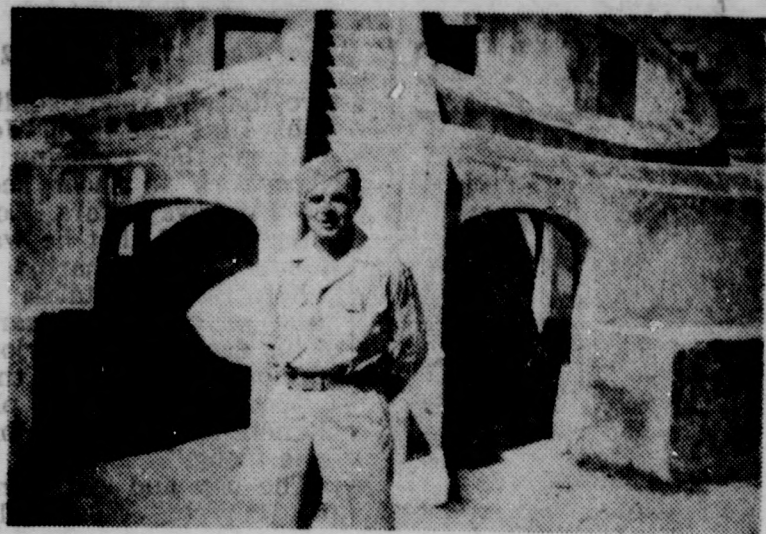

Many residents reported hearing a plane low over Daly City just before the crash and they were sure they had heard its motor stop. Sunday was heavily overcast.

Within a few blocks of Roosevelt and Alexander, scene of Sunday's disaster, a Navy patrol blimp floated down in the 400 block on Bellevue avenue, Sunday, August 16, 1942. At that time civilians also miraculously escaped injury. The crew of the blimp never were found and the whole episode remains something of a mystery.

Early this week a steady stream of curious sightseers continued to drive and walk past the demolished house.

Mr. and Mrs. Michele DiGiordano, Colma, are being congratulated on the birth of a son, November 22, in San Francisco.

The architecture in the background reminds you of India? Well, that's right, it is India! The man in the foreground is Albert Ravera, well-known Daly City resident now "somewhere in India" with the United States Army Air Force. In his latest letter to his wife, who is employed at the Daly City branch, Bank of America, he reported his promotion to corporal.

Corporal Ravera received his training at the Quartermaster school, Fort Warren, Wyoming. He was a member of Company No. 5, Daly City Fire department, and says he misses the men of his company and hopes to be back with them soon.

Before induction, Ravera was a meat cutter and he is now doing the same type of work for the Army in India.

Mrs. Ravera is the former Miss Edith Lewis. Their home is at 872 Brunswick street, Daly City.

Bud Fellows was designated for the first team in the position of guard. Tulio Picchi was named on the second team as fullback.

The Times made its announcement of the mythical All PAL teams, December 3. Their story said, "At the guard post, Fellows, really the whole Jefferson line, was an easy choice as he stood out in his play."

**This wartime Holiday Season
we advise you**

NOT

to "try the train"

"We're pulling the heaviest loads in history, using every locomotive our railroad owns or can borrow. We're short of trained men, too. To avoid disappointment, better plan on spending Christmas at home."

S. P. Engineer

In normal years the Christmas season is a jolly time on the railroad. Package-laden travelers bound for family reunions fill our trains.

We railroaders have fun carrying people on holiday journeys, and we hate to disappoint a single ticket seeker . . . but this war year we really have no room for pleasure travelers.

Service men on holiday furloughs, relatives traveling to meet them, military personnel in organized groups, business men in war work—these people now have first call on our facilities.

This means that, unless you must travel, you'll be wise NOT to try the train. We hope there'll come a Christmas soon when our message can be different!

ture the shy young soldier receives his first kiss from "Jean".

When the company went to New York to shoot scenes with the Broadway stars, Lon McCallister learned that he was to play Romeo to Katharine Cornell's Juliet. Between takes Lon in a burst of confidence sang praises of his dream girl, Marjorie, to the gracious first lady of the theatre. "Come and see my play," Miss Cornell invited, "and bring Marjorie along."

The boy and girl went to view the current theatrical season's most distinguished offering, "Three Sisters," starring Miss Cornell with Judith Anderson and Ruth Gordon. Afterward at Miss Cornell's invitation they went backstage.

The doorman didn't know them.

"Just tell Miss Cornell," said Lon, "that it's Romeo come to call."

"Oh, yeah?" the doorman growled. "Don't try to be funny."

"I'm not being funny," Lon insisted. "You give Miss Cornell my message."

The three great stars of the play were waiting in Miss Cornell's dressing room.

"I've given my notice, you know," Miss Cornell told them.

"Miss Cornell!" Lon gasped in alarm. "You don't mean it."

"I do mean it. I will not have a rival. Miss Riordan, will you take over my role as Juliet to this budding and very charming young Romeo? Because I'm sure that's the way you both would like it," smiled the truly great lady of the stage.

TO GET BONUS

Employees of the Bank of America had been notified, today, by L. M. Giannini, president, that the bank's board of directors had voted again a special profit-sharing bonus to all salaried officers and employees, bringing to nearly 90 per cent of one month's salary the total of bonuses voted the staff during the 12 months.

For employees with 12 full months of service, the special bonus is computed on the basis of 40 per cent of the November basic salary up to and including \$500 of such salary, and 35 per cent of any portion above \$500. Those with a shorter period of service will receive a proportionate credit based on the number of full months employed.

Profit-sharing bonuses previously voted to employees monthly during the year were on the basis of 4 per cent of all monthly salaries up to and including \$500 and 2 per cent on amounts over \$500.

Bonus funds are intended for investment by the trustees of the Employees' Profit-Sharing Bonus plan in Bank of America stock for the benefit of staff members. As in previous years, however, the amount of the special bonus just announced may be withdrawn in cash by employees whose salary is less than \$200 per month.

Distribution of certificates of stock, representing 13,000 shares covering stock credits for year ending November 30, 1938, had also been made today to employees. Under the bank's profit-sharing bonus plan the stock is held in trust five years, although dividends are paid to the employees as earned. Total allocations to employees since inception of the plan amount to approximately 116,500 shares, Giannini disclosed, with a current market value of approximately \$5,067,750.

Letters of Praise
from the Army and Navy

"GAS AND ELECTRICITY ARE VITALLY NEEDED FACILITIES FOR SUCCESSFUL CONDUCT OF THE WAR."

IT IS ONLY HUMAN to be made happy by words of praise for a job well done, especially when such praise comes from high ranking officers of the Army and Navy.

At any rate, that is the way the men and women of this company feel about letters of commendation received from Lieutenant General Delos C. Emmons, United States Army, and Vice Admiral J. W. Greenslade of the United States Navy. They are pleased and proud and determined to keep vitally needed gas and electricity flowing in full supply—on time—all the time. Below are excerpts from the letters:

From Admiral Greenslade:

"I am informed by the Inspector of Naval Material and by other officers of my staff having cognizance that the Pacific Gas and Electric Company met wartime demands swiftly and efficiently while at the same time continuing to supply the increased population of the district with essential services. . . . The Company is serving, or has undertaken to serve over a Million Kilowatts of Electricity and over Twelve Billion Feet of Natural Gas to Army and Navy establishments and War Industries. . . . All hands in the Pacific Gas and Electric Company should feel that they have played their part in establishing new construction and production records in this district. . . ."

From General Emmons:

"In view of the splendid performance of the men and women of your organization during the period of emergency, I desire to record my word of commendation to them. The area embraced in the Western United States is a particularly vital and critical one in this war. It has been necessary to construct and operate numerous flying fields . . . to construct shipyards and repair docks and other marine facilities. . . . It is gratifying to know that all of the demands which have been made upon your people and your facilities have been met with most praiseworthy performance and that every reasonable expectation fulfilled."

To all the gas and electric customers, the men and women of this company in turn say—"Thanks for your help" through your voluntary conservation in the use of gas and electricity in the home. Conservation is helping us and helping the war effort.

Julia says—
Here are some
real time-savers

AND THIS is certainly a time for saving minutes and hours, what with everyone being busier than ever with war work, not to mention the close approach of Christmas and all that it means.

I've had that time-saving idea in mind, myself, for quite a while now—and I've planned a few time-saving menus which I'll pass along because they have worked well for me.

Perhaps they will give you some good thoughts about simplifying your plans for nutritious meals during these crowded days. Why not try one of these

EASY TO PREPARE MENU IDEAS

Cut in squares to serve. Bake remaining dough as biscuits.

Speaking of simplified menus, there are a lot of things we can all do with flour and baked goodies. Easy to prepare, good to eat, and they use foods that are available in good supply.

Next week, in this column, I plan to offer you some practical ideas along these lines.

News From District Grammar Schools

AT WOODROW

The boys and girls of the Woodrow Wilson elementary school have done an excellent piece of work on the paper drive. According to Miss Aileen Suber, principal of the Woodrow Wilson school, over seven tons of paper were collected, weighed, and bundled on the first day of the drive.

Continuous efforts of the students during the week have brought the quota far over the top.

Woodrow Wilson elementary school has earned the privilege of flying the Treasury flag during the month of December by having 96 per cent of the children buying stamps during the month of November.

Room 8
Pat Foster, low seventh grade, is very proud of his uncle, Private Walter Livingston, who is in the Air Corps. He received the highest grades in his class and received a Good Conduct medal.

A new student, Elizabeth Joan Jones from Indiana, has enrolled at Woodrow Wilson elementary in the seventh grade.

Room 9
The boys and girls of Room 9 were glad to welcome two new students, Pearl Morphopoulos and Charles Anderson.

Room 4
Interesting booklets containing factual and pictorial material connected with the growth of the United States and its possessions have been completed by the pupils of Room 4.

Room 12
The pupils of Room 12 are happy to have Francine Krause from Milwaukee, Wisconsin, as their new classmate.

Room 15
Room 15 welcomes two new students this week. Hercules Morphopoulos from Fresno and Audrey Anderson from Half Moon Bay.

Room 14
At the end of a six weeks period the children of Room 14 receiving 100 per cent in spelling for the entire six weeks period are allowed to take a special spelling test. This test is made up of words from the unit of work and other special assignments. About 25 children participated in what the class calls the honor spelling test. The children enjoy this and try very hard to make their record 100 per cent.

AT CROCKER

Crocker school pupils again are "Backing the Attack!" The student body is proud to report that of the 20 tons of paper collected throughout the Jefferson School district for the week preceding the Thanksgiving vacation, a period of three and one half days, Crocker school alone, with an enrollment of 185 students, collected ten tons.

Students brought the waste paper to school as early as 6:30 in the morning, leaving it upon the porch of the school. They collected after school hours until the caretaker, Clarence Fahey, closed the building. Enthusiasm ran

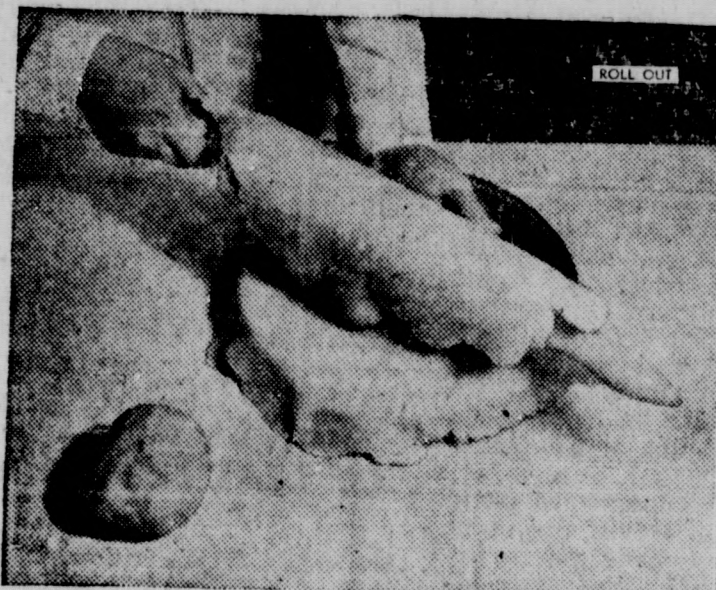

EASY STEPS MAKE THE PERFECT PIE CRUST

1. These are the ingredients for a perfect two-crust pie: Two cups flour, one teaspoon salt, one-half cup lard and four to six tablespoons ice water. The lard should be cold, too. Lard is workable even when just removed from refrigerator.

2. Cut lard into flour and salt mixture until crumbs are coarse and granular. Add ice water, a little at a time, sprinkling it over the fat and flour. Mix quickly and evenly throughout the flour with a fork, until the dough just holds in a ball.

3. Roll half the dough to about one-eighth inch in thickness. Lift edge of crust and roll onto rolling pin. Line pie pan. Add filling; roll out top crust. Cut gashes in top crust for escape of steam. Place over filling; crimp edges.

4. Here is the perfect pie. The top crust overlapped the lower crust and was folded under to prevent the escape of juice. The pie was baked in a moderately hot oven (425° F.) for 35 minutes.

high! The 10 tons of paper were all tied in small packs of 25 pounds or less by the students themselves and weighed under teacher supervision.

An interesting room tally was kept in the hall of the building so that each room could see the number of pounds in comparison with other rooms in the building. The eighth grade room brought in 5,797 pounds; the seventh grade, 4,904 pounds; the sixth and seventh grades, 2,022 pounds; the sixth grade, 4,712 pounds, and the fifth grade 2,589 pounds.

The pupils of Room 2 were very happy when they learned that their class had collected 2,589 pounds of paper during the first week of the paper drive.

The pupils of Room 3 returned to school after Thanksgiving vacation ready to begin work on a new unit. They have selected "The Development of Writing and Book Making" as their new unit. The "Story of the Sea," the unit Room 4 has been studying, was completed last week by a general resume on the evolution of ships and the daring adventures of the greatest navigators and explorers of all times.

Many of the children of Room 6 spent the week's vacation or the Thanksgiving holidays out of town. Among them were Norma Boscolo, who spent the weekend at Rutherford; Howard Mc Carten, at Watsonville; Peggy Chamberlain visited Jeanne Estes, a former Crocker student, now living in Redwood City.

AT JEFFERSON

This week the children of the Jefferson elementary school in Colma have shown marvelous energy and enthusiasm in their participation in the nation-wide waste paper drive. A spirited contest is going on among the children of the various rooms in the school to see which room will bring in the most paper and win the coveted prize. The coveted prize is a 30 minutes earlier dismissal from school for the class bringing in the most poundage.

Last week the fifth grade had gathered 2,760 pounds, the fourth grade, 2,280 pounds, and the sixth grade, 2,220 pounds. By the time the drive is concluded these amounts will have been doubled.

The new social studies units of the seventh and eighth grades cover the early legislative period of the country. The eighth grade unit is called "Citizenship and Democracy." These two subjects are considered first from the student's limited field of school and home community. This field is gradually broadened until it includes world relationships.

The seventh grade is studying America's greatest document, the Declaration of Independence, and is carefully analyzing the reasons that led the early colonists to separate from their mother country.

The sixth grade has on display this week a cleverly constructed miniature battleship made by James Graziani. Other children are making different types of boats such as destroyers, submarines and airplane carriers

which will be exhibited in the room shortly.

Second and third grade children were right at home with their new unit this week, for it is all about refrigerator cars and transportation. Less than a block from the schoolhouse is the Colma Vegetable association, where daily the children can see vegetables arriving from near and far, to be weighed, crated and loaded into big iced cars.

A few periods this week were used by the children and their teacher to plan a 'good breakfast' and to find out how many people had worked to prepare the foods that made the 'good breakfast' possible.

INDIANS OF RHYTHM

Howard Miguel is now getting the band ready to participate in a bond drive which Miss Edna Smith, together with the Stamps and Bonds committee, is conducting. They will play a group of patriotic songs in keeping with the theme of the drive; including service songs of the various branches of the armed forces.

Ballad tunes that have become popular during the war effort will be included.

STAMPS AND BONDS

"J. G. T. J. — for a week the students of Jeff were trying to figure out what it meant. Well, Monday the answer was given by the Stamps and Bonds committee as, "Jefferson Goes To Japan."

To make a long story short, the Stamps and Bonds committee has placed a large map of Japan in the senior room. On the map are the cities of Japan. With stamps bought at the school everyone is given a chance to throw darts at the map. Wherever the dart hits a place is blacked out until eventually the country of Japan is wiped off the map.

November purchases slowed down compared to the October total. The total for November was \$1,792.90. This now makes \$29,311.90 since the beginning of school.

This will really surprise you! The juniors were the best class in November.

Although almost \$2,000 was collected the student participation has dropped. The participation for this month was 93 per cent, which gave Jefferson the Treasury flag again this month, but should be higher.

The rooms with the following instructors were 100 per cent: Miss Eunice Philbrick, Earle Lewis, Clive Saiz, Miss Mary Bergquist, Miss Edna Smith, Oscar Busch, Miss Ella Della Mora, Walter Griffith, Adolph Hansen, Miss Elizabeth Jones, and Howard Miguel.

ABOUT SCHOOL

The chorus, directed by Oscar Busch, is preparing for a Christmas program for assembly, December 15. The program will consist of Christmas carols.

They were also preparing to give a program for the P. T. A. today.

After Christmas is over the chorus will again begin practice for the operetta, "H. M. S. Pinafore". Busch says the practice for the operetta will go twice as fast as the time spent for the Christmas program.

SENIORS
The seniors have ordered their personal cards and pictures.

Gloria Nopper is to be editor-in-chief of this semester's senior edition. She is working on a new scheme but has not as yet revealed any plans.

BLOCK "J"
At last Tuesday's assembly Coach Marion Hall awarded blocks to members of the varsity.

Tuesday was a happy day, but on Friday those who had received their varsity blocks for the first time were initiated. The old members, equipped with paddles, gave them a merry time.

BASKETBALL

In last Tuesday's assembly Coach Elman Rose awarded blocks and stars to the following 110 members: Donald Decker and Art Valverde received stars; Ben Parodi and Charles Piccard received blocks. Because they did not have student body cards Wayne Root and Beeny Greenough did not get their blocks.

BASKETBALL 120's
Members of the 120's were also awarded letters. They had a very successful season, coming in second in the league. They won 5 and lost 2.

The following players who received letters were: George Fair, George Perada, Ray Chelone, Don Welch, and Gino Massoni got blocks. Eugene Grant and Ed Denning received stars.

Franklin Petiti and Pat Johnson, who were managers, received bars.

Crocker Lodge Installs Officers

Elected and appointed officers will be installed for Crocker Lodge No. 454, F. and A. M., Saturday evening, December 11, at 8 o'clock in Masonic temple, 17 Hillcrest drive. A dinner for Master Masons only will be served at 6:30 p. m.

Those to be installed for the 1944 term will include: Matturp Jay Jensen, Worshipful Master; Roy Wieland, Senior Warden; Allan McN. Campbell, Junior Warden; Remi Sanders, treasurer; George Watson, secretary; Arthur F. Wickersham, chaplain; Charles L. Hirrel, Senior Deacon; Oliver J. Nolte, Junior Deacon; George A. Ryan, marshal; John C. Toepfer, Senior Steward; Harold S. Johnson, Junior Steward; Andrew M. McKeown, Tyler; Peter J. Barsi, Edward A. Weisenburger, John Livingston, trustees; Bert T. Baker, inspector. Installing officer will be Arthur F. Wickersham jr. and master of ceremonies will be Andrew M. McKeown sr.

Singer at the ceremonies will be Frederick C. Davies and James Stevenson will be organist for the occasion.

DROP IN RELIEF

The first four months of the present fiscal year show a drop of 17.6 per cent in the number of people dependent on general county relief and a drop of 9.7 per cent in the number of children receiving aid as dependent children in San Mateo county, California. Taxpayers' association stated today, making public its comparison of relief during June and October, 1943.

Contrary to the downward trend in other types of relief, the number of person receiving aid to the needy aged in the county has increased 2.7 per cent, when June and October are compared.

The number of persons on the county indigent rolls dropped from 722 for June to 595 for October, the association found.

The number of dependent children decreased from 72 for June to 65 for October.

The number of people receiving aid to the needy aged increased from 1,177 for June to 1,209 for October.

Clarify Christmas Seal Sale For Public

Many of the recipients of the Christmas seals sent out by the San Mateo County Tuberculosis and Health association have the erroneous impression that the association is in the county war chest and will receive a portion of the money subscribed for the benefit of various charities.

"We are not in the San Mateo County War Chest," says Superior Judge Maxwell McNutt, chairman of the seal sale committee, "because it would mean the loss of the most important channel of health education of our people."

The purchase and use of the artistic little seals brings the problem of tuberculosis control to the minds of the people and makes the fight one in which the general public is participating, it is further explained. It is only by health education and constant use of the lessons learned that tuberculosis can be prevented from again becoming the scourge that it was a generation ago when more than 150,000 young Americans died of it every year.

As shown in the annual report by Florence Donnelly, chairman of the health education committee, 193 programs demonstrating the tuberculosis dangers and the methods of control were presented during the past year, about half of them in the public schools, with particular attention paid to the matter of adequate nutrition during the rationing period. The programs included instructive talks by physicians and nurses and motion picture illustration of conditions and habits that bring on the disease.

Army transport service. Ralph is a U. S. Navy aviation machinist. He took his training at Great Lakes, Illinois.

Stanford Offers War Training Course

High school graduates with one year of chemistry and one year of algebra are eligible for Chemical Analyst Training which will begin on the Stanford university campus January 3, 1944. The course is tuition-free, lasts 12 weeks and leads to interesting jobs in the laboratories of industries doing war work. It offers thorough but quick training to those who want to help out in the war but cannot afford long expensive preparation. Drop a card to War Training office, Engineering building, Stanford university for full details.

Trainees from Chemical Analyst Training are doing essential work in some twenty different laboratories in California and doing it well. They feel themselves a real part of the home front in this war and are satisfied that their industries are contributing directly to the victory ahead. Those who feel that they, too, would like to have a part in this vital war work should get in touch with the War Training office.

Daly City residents will be interested to know that Miss Catherine Lyons, 526 San Diego avenue, who was graduated from Jefferson Union high school, in 1943, took the Chemical Analyst Training at Stanford and is now employed at Consolidated Chemical.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

BROWN POINTS FOR WASTE FATS

For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she will receive two brown points, beginning December 13. "But most important," Herbert M. Faust, director of WPB's Salvage division said, "within a month the fat will be transformed into war materials and on the way to the fighting fronts." He reminded housewives to save the grease from turkeys, geese, ducks, and chickens, for the manufacture of war products.

December 15 Is 'Mighty Close' Now

Don't get so busy with Christmas shopping that you forget Uncle Sam's call for payment, by December 15, of the installments due on 1943 incomes was the advice issued, today, by Internal Revenue Collector Harold A. Berliner. In addition to the statements mailed to those who have not already paid their 1943 tax in full, the first income tax returns are expected from farmers in this district by the deadline date.

For the convenience of local taxpayers, there will be a deputy collector of Internal Revenue stationed at the Daly City branch, Bank of America, December 13 and 14 from 10 a. m. to 3 p. m. to assist with filing of declarations.

The Daly City Dental-Medical center, 6273 Mission street, has announced that it is prepared to help local residents with their income tax returns.

AT THE "STAGE DOOR CANTEN"

Katharine Cornell, making her film debut, is seen serving food to soldier Lon McCallister in her famous "Romeo and Juliet" scene from Sol Lesser's romantic screen offering, "Stage Door Canteen," which is the current presentation at the Daly City theatre through United Artists release.
